Zoo Vita Sel Plus

Liquid Premix of Feed Additives / Oral solution

Vitamin A, E & Selenium for Oral Administration

COMPOSITION: Each 1 litre contains

Vitamin A Retinyl palmitate, Vitamin E (dl-alpha-tocopheryl acetate), Selenium, Citric acid, Glyceryl polyethylene glycol ricinoleate, Benzyl alcohol, Phenol, Demineralized water up to 1 litre

Importance:

Vitamin A is involved in the protection of the epithelial tissues (including retina and skin) and mucous membranes, it is important for fertility and it's used as a protection against general infections. Vitamin E is a fat-soluble intracellular antioxidant, involved in stabilizing unsaturated fatty acids, thereby preventing toxic lipo-peroxide formation. Vitamin E and Selenium are interrelated and function together as a part of multi-component antioxidant defense system. Vitamin E deficiencies (like encephalomalacia, muscular dystrophy, exudative diathesis, low egg production, decreased hatchability in eggs, infertility problems) in poultry, calves, cattle, goats and sheep. Critical period of growth (weaning, transport, stress, summer). Selenium is an essential nutrient for all animals/ birds. Selenium is a component of the enzyme glutathione peroxidase, which plays an important role in protection of cells by destroying oxidising agents such as hydrogen peroxide and lipid peroxides.

Indication in poultry :

Hemorrhagic edema
Crazy chick disease
Muscular dystrophy, testicular degeneration
To improve fertility, hatchability, and egg production
Improve weight gain, FCR and general performance

Indication in animals: -

Treatment of infertility, habitual abortion
Oligospermia
Edema

Dosage and Administration: Orally preferably via drinking water -

Poultry: 1 ml per 10 liters of drinking water for 3 - 5 days
Chicks (less than 21 days): 1 ml per 5 liters of drinking water for 3 - 5 days
Foals, Calves, Goats and Sheep: 1 ml / 40 kg / L-B-W for 3 - 5 days
Horses, Camels, Buffalos and Adult Cattle: 1 ml / 80 kg / L-B-W for 3 - 5 days

Packing: Bottles of 40 x 250 ml per carton box, Bottles of 18 x 500 ml per carton box, Bottles of 12 x 1 litre per carton box; Can of 3 x 5 litre per carton box; Can of 10, 20 and 25 liters
